

Lucky Stores to Open Newest Market April 2

Lucky stores' newest discount supermarket will open Tuesday, April 2, in the Torrance-Western Shopping Center at 182nd Street and Western Avenue. According to Les Corbett, Lucky Stores' operation manager, the new store offers the finest in customer convenience shopping.

Like all Lucky Stores in California and Arizona, the new Torrance-Gardena store will feature nationally advertised grocery brands, top quality meats, and farm-fresh produce, all at everyday discount prices.

"Discount pricing is not new with Lucky. We have always believed that food, as an essential item, should be available at the lowest possible price," Corbett said. "Lucky has followed this philosophy since 1963. We do not employ gimmicks, we do not play games, and we do not lower the price on a few items and then shout discount. Every item the law allows is discount priced."

The building, of contemporary styling, will be fully air-conditioned. It will feature four-deck jet air-curtained frozen food cases with aisle air heaters, air-curtained open-shelf dairy boxes that do away with the necessity of opening and closing doors, and eight high-speed check-out stands.

Automatic doors and wide

aisles will make shopping easy and enjoyable. A Van de Kamp Bakery and complete liquor department will be a feature.

Built by Klein Construction Co., and designed by Schoell & Geritz, the styling is contemporary, split-faced concrete block construction. The store encompasses 23,000 square feet with satellite stores under construction. Convenient parking is spaced for approximately 200 automobiles in the landscaped and lighted parking area.

Registration for El Camino College's six-week summer session begins June 17 for students who complete the present spring semester. New or returning students will register the following day, according to Dr. Leo M. Christian, dean of administration.

Classes will begin June 19, and there will be "positively no late registration," Dr. Christian stressed.

The first session ends Aug. 1 for six-week classes, Aug. 15 for eight-week classes, and

Aug. 29 for ten-week classes. CLASSES begin for the four-week post session Aug. 5, with registration scheduled for Aug. 2.

Celebrates 30 Years

Weekend gardeners can choose from some three and one-half acres of plants at Kato Nursery, 1650 Artesia Blvd., Gardena.

The nursery, which has served the Torrance-Gardena area for more than 30 years, was moved to its present location in 1961 when the San

Diego Freeway was constructed. In addition to a wide variety of shade trees, shrubs, and flowers, a store on the premises features all lines of nationally advertised fertilizers, tools, and garden accessories.

units for the post session. Morning and evening classes will be offered at the first session, while morning classes will generally be offered for the post session.

REGISTRATION for the first session is open to any person 18 years of age or older, or a high school graduate. Local district requirements will be waived for this registration only, except for Long Beach and Santa Monica residents who will be required to present permits if

planning to attend more than nine hours per week.

For the post session only, registrants must be legal residents of the El Camino College District or Los Angeles

contract area to be accepted.

Placement tests, if required, must be completed five days prior to registration for each session, Dr. Christian said.

June Registration Slated For El Camino College

Students Match Wits In Math

Students from three area high schools joined with more than 800 of the brightest math students in Southern California for the 12th annual Math Field Day at Occidental College.

Representing Narbonne High School were Chenny Wong, Ken Begbie, Dale Sulzen, Robert Rashid, and Val Hernandez. From Carson High were James Eakin, Linda Ross, Robert Wake, Gary Kadota, and John Lema.

Competing from South High School were Robert Parker, Marcia Kirk, Jim Antal, and Paul and Jim Satt.

The math buffs participated in a series of mathematical "games" patterned after sporting events.

NAA Unit Tours CBS

Members of the Palos Verdes-Torrance chapter of the National Association of Accountants visited the CBS television studios in Hollywood last week.

Host for the tour was Robert Jackson, controller for CBS-TV, Hollywood. Following an inspection tour and dinner, Jackson discussed cost concepts and reporting procedures used by the television station.

The tour was arranged by Leola Cork, director of cost accounting and a member of the Los Angeles chapter of the National Association of Accountants.

Laos Film Scheduled

"Laos . . . The Relaxed Crisis," an informative color film, will be presented by photographer-lecturer Kenneth S. Armstrong at El Camino College Monday at 8 p.m. in the Campus Theater. Admission is \$1.

Armstrong has spent considerable time in Laos during the last few years—the longer he stayed, the more intrigued he became. The film relates much of the history, the superstition and the country of the Laotians, including footage on Tom Doolley's last hospital.
